LIMESTONE 33.5				20	60	100	110
TOTAL Kgs		1000	1000	1000	1000	1000	1000

## **IMPORTANT REMARKS**

- $\boldsymbol{\mathsf{DOC}}$  stands for  $\boldsymbol{\mathsf{D}} \mathsf{ay}$   $\boldsymbol{\mathsf{O}} \mathsf{Id}$   $\boldsymbol{\mathsf{C}} \mathsf{hick}$
- For the best results; start with the Koudijs Galdus 2mm pre-starter (minimum 150 gram/bird total, preferably more).
- When oil is available; replace 0,5% corn for 0,5% oil.
- Always make sure all birds have access to enough feed and water.
- $\bullet \ \ \text{Carefully follow the provided mixing instructions and thoroughly mix the ingredients for the best results.}$
- Be biosecurity wise; use disinfection materials, keep separate shoes for the birds houses only.
- Ensure proper quality of the limestone is used. Quicktests are available, ask your local representative for more info.
- To avoid drop in feed intake; ensure the change of feed (from Starter to Grower feed etc.) happens gradually.
- Do not modify the instructions without consulting a  $\ensuremath{\mathsf{De}}$  Heus advisor.
- Please check the website for the full nutritional composition of the feed after mixing.
